Firumaalaa Couples Ritual* (120 minutes) 
Includes a 90-minute Couples Massage

The moonlight. A star-studded sky. A beach. Champagne. At sunset (weather permitting) your Island Host will escort you with a fire torch to a magical setup for an exclusive wellness and culinary experience. After your treatment you will dine under the stars. A head, neck, and shoulder massage completes this unforgettable evening. North Male Atoll Absolute Indulgence (120 minutes) 
Includes a 60-minute Couples Massage

Taking advantage of the hotel's Edenic location, we incorporate the purest ingredients harvested locally: a blend of native herbs, a flower bath with a vanilla elixir, coffee-, coconut- or bead-based body scrubs, a Marma Point facial massage, and tropical fruit and healthy drinks await. A feast for your senses.

LUX* NORTH MALE ATOLL SIGNATURE RITUALS

Post-Sun Faseyha Vun (60 minutes)

While a daily dose of sunshine provides some much needed vitamin D, a higher-than-usual sun intake can leave your skin sensitive or even sunburnt. In this ritual, the therapist alternates a post-sun gel or cooling aloe that will heal and hydrate your thirsty skin.

Faseyha Vun = Healing

Kandu Ehvaru Shirodhara Treatment (90 minutes)

Unwind further after a beach walk, a dip in the sea, or a snorkelling session. The therapist starts by pouring warm herbal oil in a steady stream onto your forehead - an Ayurvedic tradition - before proceeding with a foot pressure point massage. Sleep disorders and stress are washed away.

Kandu Ehvaru = Ocean equilibrium

LUX* ME MINDFUL

You're swamped by stress? Feel like your life is crazy busy? Overwhelmed by the pressures of this so-called crazy busy life? It seems as though the rapid pace of our lives has taken a toll on our mental wellbeing. This is where Mindfulness comes in.

We help you incorporate it into your daily life, making it a habit that will boost your overall wellbeing.

Mindful, body-mind connection classes and private sessions include Yoga, Meditation, Breathing, Stretching, Nature walks, Eating & Nutrition.

YOGA

Flow Yoga Class (60 minutes)

Like all forms of yoga, this intermediate level Vinyasa flow class builds flexibility, detoxifies the nadis (our body's energy channels), activates the lymphatic system, and improves complexion among many other benefits. Vinyasa is a flowing sequence of specific asanas during which movement is synchronised with breath. It teaches us to cultivate an awareness and to be mindful of how one action connects to the next.

Yoga Nidra (60 minutes)

Different breathing techniques are used to soothe the nervous system, followed by yoga nidra, a technique used to relax the body and mind. Yoga nidra or "yogic sleep" is one of the deepest states of relaxation possible while maintaining full-consciousness.

Prenatal Yoga (60 minutes)

We provide a practice that helps mothers-to-be tune in and listen to their bodies. Prenatal yoga eases the discomforts of pregnancy such as mood swings, swollen ankles, and tired legs. It also gives women time to bond with their babies. Pranayama, the breathing, will certainly come in handy during labour. Everything else - the glowing skin, the sculpted body - is an added bonus.

Guided Meditation (60 minutes)

Similar to the way physical exercise trains the body, meditation trains the mind. Achieving a state of higher consciousness is, however, no easy feat. There are countless techniques, philosophies, and schools of thought regarding meditation. One thing is sure: the benefits are innumerable.

One-on-One Pranayama Breathing (60 minutes)

Prana is "vital force" and ayama is "to extend or draw out". Pranayama, an integral part of the yogic tradition is the practice of controlled breathing. Our one-on-one breathwork will teach you how to use your breath to heal, purify your body, balance your energy, deepen your spiritual practice, and experience mindfulness in a new way.
